'Bort's Broom'	Leaf color migrates from green to bronze to red during growing season. Fast growing dwarf to 4 in 10 years.
'Del's Dwarf'	Compact shrub up to 3' tall in 10 years. Yellowish-green variegation on leaf lobes migrating to red in fall. Leaves are smaller than the species.
'Hoyt Witch's Broom'	A 3-4' dense mound. Green leaves half the size of the species become brilliant red-orange in fall.
'Little Gem'	Dwarf shrub 3'x 3'. Red tinged in spring, green in summer, mix of green, orange and red in fall.
'Monroe'	Grows to 13'. Deeply lobed leaves turning to yellow leaves in fall. First <i>A. circinatum</i> cultivar to be described and named.
'Pacific Fire'	12-14'. A multi-trunk tree. Red bark provides year-round color. Light green leaves turn gold in the fall.
'Pacific Sprite'	Crinkly dark green leaves summer becoming yellows, red, and orange in fall. 6' tall x 2' wide in 10 years.
'Sunny Sister'	Spring leaves apricot-colored changing to light green in summer. Fall color is bright yellow to orange. 6' tall x 3' wide in 10 years.
